

ILLUSTRATED VIDEO

— Rhiannon James —

Make your message memorable by *showing* it.

I hand draw visual representations of your content, animating the images to bring your message to life.

I synthesise your content into key messages that I feel others will emotionally connect with. This can be from a variety of sources, such as pre-recorded workshops, written documents, annual plans, audio discussions or just ideas that you have.

Screenshot from a 2 minute illustrated explainer video.

All prices are in NZD and are exclusive of GST.
